

AMBIENTE DE DESENVOLVIMENTO DO PYTHON

A close-up shot of Jack Sparrow from the Pirates of the Caribbean franchise. He is wearing his signature black tricorn hat and has a determined, slightly aggressive expression on his face, with his mouth open as if speaking or shouting. His long, dark dreadlocks are visible, and a red bandana is tied around his forehead. The background is a plain, light-colored sky.

MAS AFINAL, QUEM
SOU EU?

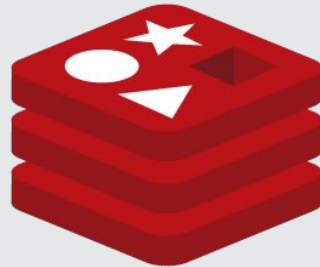

- Neófito em Python tem + ou - 10 meses
- ~~Graduando em Ciência da Computação~~
- Desenvolvedor Delphi
- E agora um dos cara que quer ver essa comunidade Python crescer no Maranhão

django

The web framework for
ponies with magical powers.

PostgreSQL

mongoDB®

**O QUE DEVO SABER PARA COMEÇAR
CODAR COM PYTHON?**

Python é uma linguagem de programação de alto nível, interpretada, de script, imperativa, orientada a objetos, funcional, de tipagem dinâmica e forte.

pip!

VIRTUALENV 1

project_1

requests
~1.2.0

VIRTUALENV 2

project_2

requests
~2.5.5

**COM TUDO ISSO VOU TER UM AMBIENTE
TOTALMENTE ORGANIZADO E QUE ME
PROPORCIONA PRODUTIVIDADE?**

VIRTUALENVWRAPPER

\$ pipenv
